Veteran: Donovan Clark
Last Four SS#: 0235

Dear Mr. Clark,

Here is the confidential information you requested regarding your recent treatment participation at the Reno VA Medical Center. You participated in the ADTP 12-week Contingency Management program (CM), which provides veterans with a chance to win prizes for achieving and maintaining abstinence from stimulants (i.e., methamphetamine, amphetamine, and cocaine). As part of CM, you provided urine drug screens twice per week at the Reno VA for 12 weeks on Mondays and Fridays, and you met with a psychologist twice a week to review the results of these urine drug screens. You started CM on 3/8/24, you have attended 24 CM appointments at this time, and you successfully completed the CM program today. You also provided a third urine drug screen per week at the VA lab on Wednesdays. Overall, you have been motivated to maintain your sobriety from substances, you have consistently denied all substance use other than cannabis since being in the CM program, and you have effectively utilized available treatments to assist in your recovery efforts. If you have any questions or concerns regarding your current treatment plan, please feel free to contact me. Finally, included below are all of your urine drug screen results provided at the Reno VAMC since 3/06/24.

Random UDS/Breathalyzer results:

3/06/24: UDS negative for all tested substances except cannabis
3/08/24: UDS negative for all tested substances except cannabis
3/13/24: UDS negative for all tested substances except cannabis
3/15/24: UDS negative for all tested substances except cannabis
3/18/24: UDS negative for all tested substances except cannabis
3/20/24: UDS negative for all tested substances except cannabis
3/22/24: UDS negative for all tested substances except cannabis
3/25/24: UDS negative for all tested substances except cannabis
3/29/24: UDS negative for all tested substances except cannabis
4/01/24: UDS negative for all tested substances except cannabis
4/03/24: UDS negative for all tested substances except cannabis
4/05/24: UDS negative for all tested substances except cannabis
4/08/24: UDS negative for all tested substances except cannabis
4/10/24: UDS negative for all tested substances except cannabis
4/12/24: UDS negative for all tested substances except cannabis
