To: DA - VWAC Support <DA-VWACSupport@washoecounty.gov>, District <DistrictAttorney@da.washoecounty.gov>, Christopher <chicks@da.washoecounty.gov>, Lorena W <LValencia@da.washoecounty.gov>

To District Attorney Hicks, DDA Hart, and the Division of Parole & Probation:

I am the primary victim and state witness in Case No. CR25-3109 (State of Nevada v. Megan McCafferty).

I am formally submitting this documented evidence to notify the State that the Defendant is actively violating the terms of her release/probation by continuing a documented criminal enterprise of Witness Tampering (NRS 199.230), Malicious Prosecution (NRS 199.310), and False Reporting of a Crime (NRS 207.280).

The Defendant operates on a strict, predictable "Pattern and Practice" (NRS 48.045) of weaponizing law enforcement and civil courts against me within 24 to 48 hours of facing accountability for her felony bigamy.

The attached documentation proves a 3-Strike Retaliation Matrix:

- **STRIKE 1 (The Bigamy Discovery):** On October 9, 2025, the Defendant was formally served with divorce papers by her legal husband, Jeremy Zlomke. Exactly 24 hours later, on October 10, 2025, she retaliated against me by fabricating allegations to secure a Temporary Protection Order (TPO25-01675) to unlawfully evict me before the bigamy was exposed.
- **STRIKE 2 (The Felony Arrest):** On December 7, 2025, the Defendant was booked into the Washoe County Detention Center for Felony Bigamy. Exactly 24 hours later, on December 8, 2025, she retaliated by calling 911 to file a false "Breaking and Entering" report against me to trigger a false arrest (WCSO Report #250005950).
- **STRIKE 3 (The Felony Sentencing):** On May 20, 2026, the Defendant appeared before Judge Lynne Jones for her formal sentencing on the bigamy conviction. Exactly 48 hours later, on May 22, 2026, she retaliated by filing a new, fabricated Temporary Protection Order (TPO26-00844).

EVIDENCE OF ACTIVE PERJURY (NRS 199.120): In her newest May 22, 2026 filing (TPO26-00844), the Defendant claims she is in imminent danger due to a fabricated altercation on May 18, 2026. However:

1. She did not call 911 on May 18th. She waited until *after* she was sentenced as a felon to file the paperwork.

2. I have submitted a sworn Declaration of Non-Presence proving I had physical custody of my daughter at 2:00 PM on May 18th. The Defendant's timeline is physically impossible.

REQUEST FOR IMMEDIATE ACTION: Under Marsy's Law, I have the right to be protected from the Defendant. I am requesting that the Division of Parole & Probation immediately review TPO26-00844 and WCSO Report #250005950 as direct violations of her sentencing mandates ("no new criminal conduct"). I am further requesting the District Attorney review this 3-Strike Retaliation Matrix for new criminal charges under NRS 199.230 (Witness Tampering).

Please confirm receipt of this supplemental evidence.

Respectfully,

Donovan Clark
