_____ Client Initial – Visits are a time to reconnect with my children. I understand that visits are extremely important to my child(ren) and when I do not show up for visits it can be emotionally

traumatic to them. I further understand that when I visit consistently with my children it helps make them feel secure and hopeful about coming home.

 Client Initial - I agree that if I cannot attend a visit, am going to be late for a visit or need to reschedule a visit I will contact the Family Engagement Center, either by texting 775-560-4100 or calling 775-352-3230; or contact the Foster Parent directly, as soon as possible (preferable at least 1 hour prior to the visit).

Client Initial - Whenever possible, attempts will be made to accommodate parents when they are going to be late to a visit or cannot attend, either by rescheduling the visit to a later time or changing the visitation schedule to better accommodate the parent's schedule. I understand that if I no call/no show 3 consecutive times, I may be required to check in, either in person or by phone, prior to the visit.
