On November 21, 2025, I, Deputy K. Ambrose #4656, was assigned to Patrol at the Washoe County Sheriff's Office.

At 0944 hours, Deputies Rimon #5034, Osborne #4662 and I responded to 6550 Pyramid Way #37, Sparks, and met with [REDACTED] [REDACTED] who wanted to report a past tense sexual assault.

[REDACTED] statement

The following is a summary of [REDACTED] written and verbal statements:

[REDACTED] stated [REDACTED] has been married to Donovan Clark since January 2025, they have been together since 2012, and they have one [REDACTED] in common, [REDACTED]. [REDACTED] also has another [REDACTED] from a previous relationship, [REDACTED]. [REDACTED] also explained [REDACTED] does not have a sexual relationship with Donovan, [REDACTED] agreed to marry him because [REDACTED] wanted to be covered by his medical insurance, and [REDACTED] has not had consensual sex with him in seven years.

[REDACTED] said [REDACTED] sleep in bedrooms in the house, while [REDACTED] and Donovan sleep on a sofa in the living room. [REDACTED] said [REDACTED] usually sleeps [REDACTED] due to the fact [REDACTED] gets hot at night.

Investigator's note: [REDACTED] showed me the couch, and I took photographs of it and uploaded them to Evidence.com.

On September 30, 2025, Donovan came home to their residence drunk and high on meth. Around approximately

0100 hours, Donovan "forced" himself upon [REDACTED] in order to have sexual intercourse with [REDACTED]. [REDACTED] said [REDACTED] told Donovan "no," multiple times, [REDACTED] said, "I was like almost screaming it [no] at one point. That's when he started choking me." [REDACTED] stated Donovan choked [REDACTED] with one hand on [REDACTED] neck and the other holding [REDACTED] hand so [REDACTED] couldn't smack him away from [REDACTED]. [REDACTED] said [REDACTED] tried to fight him off of [REDACTED] but he choked [REDACTED] until [REDACTED] almost lost consciousness. [REDACTED] said while Donovan was choking [REDACTED] [REDACTED] got dizzy, nauseous and went cross-eyed, but did not lose consciousness, urinate or vomit. [REDACTED] continued, "I was almost to where I was gonna pass out and then I stopped fighting because I didn't wanna give him complete control."

During the struggle, [REDACTED] said Donovan scratched [REDACTED] face and caused a bruise on [REDACTED] cheek and [REDACTED] sustained a split lip when the watch [REDACTED] was wearing on [REDACTED] wrist hit her lip as [REDACTED] was attempting to get Donovan off of [REDACTED].

[REDACTED] showed me photographs [REDACTED] stated [REDACTED] took after the incident; I sent [REDACTED] an Axon Citizen Link, and [REDACTED] uploaded the photos to Evidence.com.

Investigator's note: I later observed the metadata on the photos [REDACTED] uploaded showed they were recorded on October 16, 2025.

[REDACTED] stated Donovan [REDACTED] [REDACTED] and [REDACTED] for approximately 45 minutes. During the incident [REDACTED] said Donovan told [REDACTED] "You're going to get what you deserve" and "you deserve what's happening." [REDACTED] said Donovan tells [REDACTED] this "almost every time" he [REDACTED] [REDACTED] [REDACTED] also listed multiple other dates on which Donovan [REDACTED] [REDACTED].

When I asked [REDACTED] why [REDACTED] waited until now to report the sexual assault, [REDACTED] said [REDACTED] did not think [REDACTED] could report it because [REDACTED] and Donovan are married, but was told by CPS on November 21, 2025, it was something [REDACTED] could report to law enforcement.

[REDACTED] currently has an Extended Protection Order (EPO) against Donovan, and [REDACTED] detailed the sexual assault in [REDACTED] application for the Temporary Protection Order [REDACTED] filed on October 10, 2025 (TPO25-01675) which was granted on October 13, 2025, and served to Donovan on November 20, 2025.

[REDACTED] explained some of [REDACTED] recent domestic violence history [REDACTED] has endured from Donovan, including: Donovan is constantly verbally and financially abusive, he has sexually assaulted [REDACTED] numerous times over the past seven years, he kicked their dog, and punched a hole in a wall in their house. In the last 90 days, there have been ten calls for service from [REDACTED] and Donovan's residence, including domestic disturbances between [REDACTED] and Donovan, and multiple 911 calls by [REDACTED] stating Donovan is violating the TPO/EPO; however, Donovan has not been arrested for violating the TPO/EPO.

[REDACTED] answered "yes" to nine questions on the DA-LE form:

1. The physical violence has increased over the past year
2. [REDACTED] left Donovan in October 2025 when the TPO was granted
3. Donovan controls most/all of [REDACTED] daily activities
5. Donovan has threatened to kill [REDACTED] multiple times and he recently gave [REDACTED] address to [REDACTED] ex whom [REDACTED] believes wants to kill [REDACTED]
6. Donovan threatened [REDACTED] with a knife in 2016 and kidnapped their [REDACTED]
7. Donovan has choked [REDACTED] most recently in September 2025
8. Donovan frequently chokes [REDACTED] during sexual intercourse
9. [REDACTED] believes Donovan is capable of killing [REDACTED]
11. Donovan has recently threatened to commit suicide

Evidence

In addition to the photos [REDACTED] uploaded to Evidence.com, [REDACTED] also had kept a log in ChatGPT of domestic violence or abuse Donovan committed against [REDACTED] and [REDACTED] [REDACTED] so we took screenshots of those logs and uploaded them to Evidence.com.

[REDACTED] stated [REDACTED] was not wearing any clothing during the sexual assault and [REDACTED] has since washed the blanket [REDACTED] was using; therefore, no other evidence was collected.

Narrative

Donvan's statement

On November 20, 2025, Deputy Adams #4877 responded to 6550 Pyramid Way #37, Sparks, and met with [REDACTED] regarding a violation of the EPO she has against Donovan; refer to WC25-5842 for further details. During the course of his investigation, Deputy Adams contacted Donovan who agreed to come to the Washoe County Sheriff's Office on November 21, 2025, to meet with deputies and cooperate with the investigation.

Due to the fact Donovan was already going to come to 911 Parr Boulevard to meet with Deputy Adams, I joined Deputy Adams and Donovan for the interview.

On November 21, 2025, at approximately 1140 hours, Deputy Adams and I interviewed Donovan Clark, in Interview Room Number Two in the Detective Division. The following is a summary and does not necessarily reflect any sequence to the interview. For complete and chronological details, please refer to the electronic recordings in Axon Evidence.com.

I read Donovan the Miranda Warning, and the following is a summary of his verbal and written statements:

Donovan stated he recently found out [REDACTED] was still married to another man, [REDACTED]. In October, after [REDACTED] was served divorce papers from [REDACTED] Donovan stated [REDACTED] filed the TPO against him.

Investigator's note: On October 8, 2025, the Washoe County Sheriff's Office Civil Unit responded to [REDACTED] residence, so I emailed an inquiry to the Civil Unit to determine the nature of that civil call. Additionally, on October 15, 2025, Civil Unit Deputies Garretson #4939 and Falls #3112, responded to 6550 Pyramid Way #37 in order to serve the TPO to Donovan.

Donovan stated he left his residence on September 30, 2025, and he has not returned since. I asked Donovan to describe the events of September 30, 2025, he stated, he woke around 0500 hours when [REDACTED] alarm went off and he attempted to talk with [REDACTED] about the bigamy. [REDACTED] "went off" on Donovan because he gave [REDACTED] address to [REDACTED] because he wanted to serve [REDACTED] with divorce paperwork. [REDACTED] accused Donovan of trying to get people to kill [REDACTED]

Donovan stated he and [REDACTED] have been together since approximately 2013 or about 14 years, but he found out [REDACTED] got married to [REDACTED] in 2010. Additionally, Donovan explained [REDACTED] has done something similar to this in the past, when [REDACTED] threatened to take his [REDACTED] away from him, when he previously found the marriage certificate in 2016. Donovan stated [REDACTED] has filed for a TPO against him and made sexual assault and domestic violence allegations.

I asked Donovan to explain his relationship with [REDACTED] he replied, "[REDACTED] not the one abused in this situation, it's me and the [REDACTED] If I try to leave, [REDACTED] uses the [REDACTED] against me. [REDACTED] calls you guys, takes them away. And then like I said, [REDACTED] breaks me until I come back and then [REDACTED] can just keep me under [REDACTED] thumb."

I asked Donovan why he decided to marry [REDACTED] he answered, "I'm a 100% disabled veteran. [REDACTED] gets three years paid college by us getting married. And [REDACTED] gets full benefits. [REDACTED] don't get none of that if we don't." Donovan continued to describe [REDACTED] manipulative behavior by explaining how he was clean and sober for over a year and a half, when [REDACTED] invited his drug dealer to their wedding.

I asked Donovan to describe his sexual relationship with [REDACTED] he said, "it's not me towards [REDACTED] I can't be aggressive. I like it when [REDACTED] does it to me.. [REDACTED] don't hurt me, I like that, I don't do it towards [REDACTED]"

I asked Donovan how frequently [REDACTED] initiates sexual intercourse, he said, "way more than I do, I'm more reserved. Way more reserved. I had journal entries...where [REDACTED] mad because I wasn't doing things with [REDACTED] and [REDACTED] 'why weren't we having rough sex, spank my ass, do this, pull my hair'.. [REDACTED] more the adventurous type." Donovan said [REDACTED] instigates sexual intercourse with him more than he does with [REDACTED] and [REDACTED] has "all kinds of crazy toys," and [REDACTED] is "more adventurous" than he is.

Donovan also explained towards the end of their relationship they were engaging in sexual intercourse "once a month or so." Donovan also said [REDACTED] accused him of sexually assaulting [REDACTED] in her TPO application, but when law enforcement came to their residence the next morning, [REDACTED] did not tell them about it. Donovan stated he did not have sexual intercourse with [REDACTED] on the night in question, around September 29, 2025, and they last time

they engaged in sexual intercourse was in the beginning of September 2025, and Donovan stated, "it certainly wasn't rough or nothing like that."

I asked Donovan to describe a typical sexual encounter between him and [REDACTED] and he stated, "a lot of times for use we get in the shower 'cause I don't like dirty, I don't like dirty, we in the shower, and in and out and that's it."

Donovan also said [REDACTED] tells him no all the time and then he does not proceed with having sexual intercourse, he stated, "I'm not gonna force myself with somebody else, it's not right." Donovan reiterated how he will "pull some hair a little bit, nothing, I don't get aggressive with [REDACTED] at all."

Donovan confirmed their [REDACTED] sleep in the bedrooms and he and [REDACTED] both sleep on a couch in the living room, but they have not shared a bed for years.

I asked Donovan if [REDACTED] has ever sustained injuries during sexual intercourse, and he stated, "no, [REDACTED] never gotten an injury from me period." I asked Donovan if he has ever choked [REDACTED] during sex, he said, "like, like I said, nothing that would hurt [REDACTED] or anything or even make [REDACTED] conscious."

Follow-up

I reached out to the Washoe County Sheriff's Office Civil Division to inquire if [REDACTED] was served with divorce paperwork, and I am waiting for a response. I also called [REDACTED] and sent a text message requesting to speak with him, but he has not yet returned my phone calls. Follow-up will be conducted in order to find out if [REDACTED] is legally divorced from [REDACTED]

This case will be forwarded to Detectives.

Sexual Assault Investigation

Interview: [REDACTED]

By: Detective Joe Aceves

On December 4th, 2025, at approximately 9:35am, I met with and conducted a follow-up interview with [REDACTED] the reported victim in this case, at [REDACTED] residence located at 6550 Pyramid Hwy #37, Sparks, Washoe County, Nevada (This was also the reported crime scene location). The interview was recorded in digital video and audio format via my Axon body-worn-camera and uploaded to evidence.com. The following is a synopsis of the interview. For complete and chronological details, refer to the digital copies.

I had previously reviewed [REDACTED] written statement and watched [REDACTED] related interview with Deputy Ambrose via body-worn camera video footage.

During our conversation, [REDACTED] confirmed that Donovan was [REDACTED] husband and that they got married in January of 2025 (approximately 11 months ago). [REDACTED] described that [REDACTED] and Donovan had been in a romantic relationship for approximately the past 12 years. [REDACTED] said that after recent marital problems, [REDACTED] applied for and was granted a temporary protection order against him that was currently in effect.

[REDACTED] told me [REDACTED] was sexually assaulted by Donovan on September 30, 2025, at approximately 1:00am, confirming the date and time [REDACTED] had already reported. [REDACTED] described the assault as follows: Donovan entered the residence through the front door at approximately 1:00am while [REDACTED] was asleep on the couch in the living room. [REDACTED] stated that [REDACTED] was sleeping [REDACTED] under a blanket due to the heat in the room and was wearing a face mask to block out light. [REDACTED] heard Donovan enter and partially removed [REDACTED] face mask to see what was happening. Before [REDACTED] could fully react, Donovan allegedly climbed on top of [REDACTED] began kissing [REDACTED] neck, and

Narrative

restrained [REDACTED] hands when [REDACTED] attempted to push him away. [REDACTED] said he had somehow, somewhere, taken off his pants already and was only in his boxer shorts. [REDACTED] stated that he then grabbed [REDACTED] throat with his hand, applying pressure with his thumb, which made it difficult for [REDACTED] to breathe. [REDACTED] described feeling dizzy, her vision becoming blurry, and nearly losing consciousness. [REDACTED] said he did this for several minutes.

[REDACTED] stated that Donovan removed the blanket from [REDACTED] after [REDACTED] stopped resisting. [REDACTED] said he then penetrated [REDACTED] vaginally with his penis, multiple times, for approximately 20 minutes. [REDACTED] said he followed this by then penetrating [REDACTED] anus, multiple times, for about five minutes until he finally ejaculated in [REDACTED] anus. [REDACTED] stated that [REDACTED] cried during the assault and physically fought him off at first but eventually stopped resisting. [REDACTED] reported that Donovan made comments during the assault, including that [REDACTED] "deserved it" and that [REDACTED] should "shut up and take it." [REDACTED] described fighting Donovan off during the assault using [REDACTED] hands to try to push him off of [REDACTED]. In doing so, [REDACTED] said [REDACTED] sustained facial injuries which were a scratch on [REDACTED] right cheek and a split bottom lip on the right side. [REDACTED] said [REDACTED] believed the scratch was from Donovan's fingernail and the split lip was from [REDACTED] own wristwatch being shoved into [REDACTED] lip by Donovan when [REDACTED] fought him off.

[REDACTED] said that immediately after the assault, Donovan went to the bathroom, and [REDACTED] remained on the couch, crying. [REDACTED] said Donovan said nothing afterwards and said that he just walked out of the residence again after exiting the bathroom. [REDACTED] stated that [REDACTED] did not shower after the sexual assault but that [REDACTED] "got up and went to work" as usual at 5:30am. [REDACTED] did not offer any details as to what [REDACTED] did from approximately 2:00am to 5:00am.

[REDACTED] said coworkers at [REDACTED] job, [REDACTED], noticed [REDACTED] injuries and asked what had happened. [REDACTED] told them [REDACTED] had been in a fight at home but did not disclose the sexual assault.

[REDACTED] stated that [REDACTED] took photographs of [REDACTED] injuries with one of [REDACTED] two cellphones after Donovan stormed out of the house after sexually assaulting [REDACTED]. [REDACTED] said [REDACTED] had gone into the bathroom after he left and washed [REDACTED] face off, noticing the injuries. [REDACTED] then went out into the living room and while [REDACTED] [REDACTED] were getting ready for school, [REDACTED] took the photos of [REDACTED] face and injuries. [REDACTED] had provided the digital photographs to Deputy Ambrose previously. **I had already reviewed those photos, which were date stamped as being taken October 16, 2025 (over two weeks after the alleged sexual assault). [REDACTED] showed me the same photos on [REDACTED] cellphone, of which I observed the date stamp to be October 16, 2025.

[REDACTED] explained that date stamp on the photos did not match [REDACTED] timeline of events because Donovan had remotely "wiped" [REDACTED] phone using the Family Link app, from which he had access to [REDACTED] cellphone. [REDACTED] stated that erased everything on [REDACTED] cellphone to include texts and photographs but that [REDACTED] was able to recover some photos by retrieving them from her Google account, but the original metadata was altered due to the recovery process and that [REDACTED] took screenshots of the recovered photos - which showed the later date of October 16.

In regard to [REDACTED] claimed injuries (split lip, cheek scratch), I confirmed with [REDACTED] that they occurred during the sexual assault on September 30, 2025. I then asked [REDACTED] if [REDACTED] recalled when WCSO Deputies were at [REDACTED] residence on October 1, 2025, for a call of a domestic disturbance between [REDACTED] and Donovan. [REDACTED] said [REDACTED] thought so but that deputies were there "all the time" so [REDACTED] wasn't sure. I told [REDACTED] I had reviewed body worn video footage from deputies on that call and that it was about 5am when deputies arrived and spoke to [REDACTED] and Donovan. I confirmed with [REDACTED] that [REDACTED] did not mention the sexual assault or domestic battery to deputies that night and that [REDACTED] actually said nothing had been "physical". I also showed [REDACTED] a photograph that I had printed out from that incident (October 1, 2025, at 5:33am) from body-worn camera footage which showed [REDACTED] face to free of any visible injury. I asked [REDACTED] about the discrepancy between what [REDACTED] was reporting to what the video evidence showed.

[REDACTED] claimed [REDACTED] might have [REDACTED] dates wrong because [REDACTED] had been sexual assaulted so many times and so often by Donovan over the last seven years, that it may have confused [REDACTED]. [REDACTED] said [REDACTED] did not mention the sexual assault to the deputies when they were there because [REDACTED] did not think [REDACTED] was able to, since Donovan told [REDACTED] that he was basically allowed to sexually assault [REDACTED] since [REDACTED] was his [REDACTED]. [REDACTED] claimed to have believed this, yet [REDACTED] did not explain why, if that were true, [REDACTED] did not report any of the alleged sexual assaults that occurred prior to them being married, that had occurred for the six years prior to their marriage. I tried to clarify that [REDACTED] was claiming every time [REDACTED] had sex with Donovan over the last seven years, it was a sexual assault against [REDACTED]. [REDACTED] answered that actually there had been like two sexual encounters with him that were

consensual and not sexual assault. But all the other times were not consensual.

██████ described a history of abuse and manipulation by Donovan, including financial control, isolation from family and friends, and threats of harm. ██████ stated that Donovan had been using methamphetamines and alcohol, which escalated his abusive behavior. ██████ reported that ██████ had obtained a Temporary Protection Order (TPO) against Donovan, which is set to expire in May 2026. ██████ expressed concerns about Donovan's ongoing attempts to intimidate ██████ including having his mother and friends drive by ██████ residence. ██████ stated that ██████ had attempted to document these incidents but was unable to capture clear photographs due to poor lighting.

Donovan had already been interviewed regarding this case. I told ██████ that Donovan denied all allegations of sexual assault and physical abuse and that he claimed the last time he had sex with ██████ was in early September 2025 and definitely not September 30, 2025. I told ██████ that he stated ██████ initiated sexual activity more frequently than he did and described their sexual relationship as consensual and adventurous. I told ██████ that he denied causing any injuries to ██████ and said that ██████ liked rough sex. I told ██████ that he also claimed he left their residence on September 30th, 2025, and had not returned since. ██████ responded that everything Donovan said was a lie.

██████ told me that ██████ had been married to another man previously and thought ██████ was divorced from him after applying for a divorce in North Dakota years ago. ██████ said ██████ assumed it was processed successfully. ██████ said that if ██████ was still legally married to ██████ previous husband, ██████ was unaware of that.

At the conclusion of the interview, I advised ██████ to document any further incidents of intimidation or violations of the TPO and to report them to law enforcement. I informed ██████ that I would review all available evidence, including statements, photographs, and anything else related. ██████ acknowledged the lack of a SART exam or the collection of any biological evidence due to the delay in reporting this incident. I provided ██████ with my business card and instructed ██████ to contact me with any additional information or concerns.

Sexual Assault Investigation

Case Closure

By: Detective Joe Aceves

A thorough review of all available evidence, statements, and facts and circumstances has been conducted related to this case and the allegations of multiple, ongoing sexual assaults having been committed by Donovan Clark, against [REDACTED] over the past seven years and most recently at approximately 0100 hours on September 30, 2025.

Being that this was a delayed report, no SART exam was completed. Therefore, no biological or physical evidence was collected or available.

There are multiple conflicting statements between [REDACTED] and Donovan's accounts of the sexual conduct between the couple. No admissions by Donovan were made regarding any sexual assaults or physical abuse against [REDACTED].

There were statements made and evidence provided by [REDACTED] that were unable to be corroborated. This included discrepancies in the date and time of digital photos of injuries to [REDACTED] that [REDACTED] provided (as described in [REDACTED] interview report).

There has been no substantiated evidence discovered by this investigator to support or establish probable cause for the arrest of Donovan Clark in this case, at this time.

Unless further evidence is presented or additional leads provided, this case will be closed as there is a lack of evidence to pursue criminal charges.
