NARRATIVE

Incident Type: Harassment (NRS 200.571) and Witness Tampering (NRS 199.230).Victim/Reporting Party: Donovan ClarkPhone# 775-447-7973Suspect/Adverse Party: Megan Denise McCaffertyRelated Existing Cases: WCSO Booking #2514238 (Felony Bigamy); WCSO Report #250005950 (Suspicious Circumstances / False Reporting); WCSO Report #25-5850 (Digitally Fabricated Evidence).NARRATIVE:I am the primary victim and state witness in the pending felony prosecution of Megan McCafferty for Bigamy (WCSO Booking #2514238, arrested Dec 7, 2025). I am filing this report to formally press charges against Ms. McCafferty for ongoing Harassment (NRS 200.571) and Witness Tampering (NRS 199.230). Since her arrest and subsequent pre-trial release, the suspect has engaged in a systematic, documented campaign of filing false police reports and weaponizing civil protection orders to intimidate me, cause severe financial distress, and coerce me into abandoning my testimony in her pending felony trial.This constitutes a direct violation of her pre-trial release conditions, which mandate she commit no new crimes. Furthermore, as a recognized victim, I am invoking my rights under Marsy's Law to be free from ongoing intimidation and harassment by the defendant.Count 1: Witness Tampering & False Reporting (Dec 8, 2025)On December 8, 2025, exactly one day after her felony arrest, the suspect contacted WCSO to file a false "Breaking and Entering" report against me (documented under WCSO Report #250005950). As the sole owner of the property at 6550 Pyramid Way #37, this report was a malicious fabrication designed to result in my unlawful arrest and silence me as a witness. This fits a distinct, decade-long pattern; in 2016, she falsely reported me for kidnapping (WCSO #163140282) and assault with a deadly weapon (WCSO #162780843), both of which were investigated and cleared by deputies on the scene.Count 2: Fabrication of Evidence to Obstruct Justice (Oct 2025)The suspect provided digitally altered "injury photos" to WCSO detectives to support false allegations of violence. As documented in WCSO Report #25-5850, detectives forensically extracted the metadata from these images, proving they were taken on October 16, 2025—16 days after the alleged incident. Furthermore, WCSO body camera footage from October 1, 2025, visually confirms the suspect was completely free of any visible injury and verbally stated to deputies that "nothing had been physical." Providing fabricated digital evidence to law enforcement to trigger a false arrest constitutes an active obstruction of justice.Count 3: Retaliatory Harassment via Civil ProcessThe suspect is utilizing the court system for harassment. On October 9, 2025, she was formally served with divorce papers by her legal husband, Jeremy Zlomke, exposing her bigamy. Less than 24 hours later, on October 10, 2025, she filed a Temporary Protection Order (TPO25-01675) against me based on fabricated

claims of "daily meth use" and fear. This was not filed for protection, but as a retaliatory weapon to evict the primary witness to her bigamy from his own home. My sobriety has been clinically verified by 31 consecutive clean urinalysis tests through the VA, and a recent negative LabCorp screening on January 29, 2026 (Specimen ID: 035-296-2651-0). Request for Action: The suspect is actively manipulating law enforcement resources to orchestrate my arrest, destroy my credibility as a witness, and cause emotional and financial ruin (resulting in a 4,200 lien on my home due to her intentional default on space rent). I am requesting that these incidents be formally investigated under NRS 199.230 and NRS 200.571, and that this report be forwarded to the Washoe County District Attorney's Office (DDA Lorena Valencia, Case CR25-3109) to support a motion for the revocation of the suspect's pre-trial release. I possess a comprehensive evidentiary dossier, including the fraudulent metadata, HUD-1 property statements, and audio admissions of guilt, which I can provide to detectives immediately upon request.
